

NEW FOR 2004

BONUS DEPRECIATION

Idaho did not adopt the bonus depreciation provisions found in Internal Revenue Code (IRC) Section 168 (the 30% or 50% additional first-year depreciation). If you are depreciating property for which you claimed the bonus depreciation in the current year or a previous year for federal purposes:

- Complete a separate federal Form 4562 for Idaho depreciation purposes as if the special depreciation allowance had not been claimed.
- Compute the Idaho adjusted basis and any gains or losses from the sale or exchange of the property using the Idaho depreciation amounts.
- Enter the differences between the Idaho and federal depreciation amounts and gains and losses from sales or exchanges of the property on the new bonus depreciation addition and subtraction lines on Form 66, Schedule B.

SECTION 179 EXPENSE AMENDMENTS ADOPTED

Idaho has adopted the federal amendments to IRC Section 179 retroactively. These amendments were effective for tax years beginning after December 31, 2002. If your 2003 Idaho return did not conform to the federal amounts claimed, you must amend it to conform to the amount elected for federal income tax purposes.

CREDIT FOR QUALIFYING NEW EMPLOYEES EXPANDED

The credit for qualifying new employees has been expanded to include a new \$1,000 per employee credit. It applies to certain new employees who have average annual earnings of \$15.50 or more per hour and are eligible to receive employer-provided accident or health plan coverage. Unlike the existing \$500 credit, the \$1,000 credit is not limited to individuals employed in a revenue-producing enterprise.

CREDIT FOR CONTRIBUTIONS TO YOUTH AND REHABILITATION FACILITIES EXPANDED

Donations made on or after January 1, 2004 to the Women's and Children's Alliance and donations made on or after July 1, 2004 to the Children's Village, Inc., of Coeur d'Alene will qualify for the credit for contributions to youth and rehabilitation facilities.

SALES/USE TAX LINE ADDED

If you made occasional purchases during the year without paying sales tax, you may now report the use tax due on these purchases on your fiduciary return. Examples include magazine subscriptions, out-of-state catalog purchases, merchandise purchased over the Internet, book and record clubs, and any purchases in a state where no sales tax is charged. However, if you have a sales tax account, you should continue to report the tax on these purchases on your sales and use tax returns.

GENERAL INFORMATION

WHO MUST FILE FORM 66

A fiduciary (guardian, trustee, executor, administrator, receiver, conservator, or any person acting in a position of trust or fiduciary capacity for any other person or group of persons) must file an Idaho income tax return on Form 66 for:

- A resident estate with gross income (as defined in IRC Section 61(a)) of \$600 or more for the current tax year;
- A nonresident estate with gross income (as defined in IRC Section 61(a)) from Idaho sources of \$600 or more for the current tax year;
- A resident trust that is required to file a federal return, including a grantor trust, with gross income (as defined in IRC Section 61(a)) of \$100 or more for the current tax year;
- A nonresident trust that is required to file a federal return, including a grantor trust, with gross income (as defined in IRC Section 61(a)) from Idaho sources of \$100 or more for the current tax year; or
- An estate of a resident individual involved in bankruptcy proceedings under chapter 7 or 11 of Title 11 of the U.S. Bankruptcy Code with gross income (as defined in IRC Section 61(a)) of \$7,950 or more.

RESIDENCY OF ESTATES

An estate is treated as a resident estate if the decedent was domiciled in Idaho on the date of his death. If the estate is other than an estate of a decedent, it is treated as a resident estate if the person for whom the estate was created is a resident of Idaho. If the estate does not qualify as a resident estate, it is treated as a nonresident estate.

A nonresident estate reports income earned from Idaho sources in the same manner as though the taxpayer was a nonresident individual.

RESIDENCY OF TRUSTS

A trust is treated as a resident if three or more of the following occur in Idaho:

- Domicile or residency of the grantor;
- Creation of the trust;
- Existence of trust property;
- Domicile or residency of the trustees; or
- Administration of the trust. Administration of the trust includes conducting trust business, investing assets, making policy decisions, record-keeping, or filing of tax returns.

If the trust does not qualify as a resident trust, it is treated as a nonresident trust.

A nonresident trust with income earned from Idaho sources must report such income to Idaho in the same manner as though the taxpayer was a nonresident individual. No distinction is made between living trusts (created by the grantor and funded during his lifetime) and testamentary trusts (becoming operative upon the death of the grantor). If a trust is not required to file a federal return, it is not required to file an Idaho return.

WHAT TO FILE

A complete copy of the federal income tax return must be attached to the Idaho income tax return. All Schedules K-1 must be attached to the return or submitted with the return on diskette or compact disk. Failure to attach a complete copy of the federal return may cause the return to be delinquent.

GENERAL INFORMATION

WHEN TO FILE

Your return is due on or before the 15th day of the fourth month following the close of your tax year. For a calendar year filer, this is April 15. If the last day for filing a return falls on a Saturday, Sunday or legal holiday, the return is timely if it is filed on the next work day.

WHERE TO FILE

Mail the return and payment to:

IDAHO STATE TAX COMMISSION
PO BOX 56
BOISE ID 83756-0056

ACCOUNTING METHODS

You must use the same accounting method that is used for federal tax purposes. A change of accounting method must have prior approval from the Internal Revenue Service. Attach a copy of the federal approval to your return.

ACCOUNTING PERIOD

You must use the same accounting period that is used for federal tax purposes. A change to the annual accounting period must have prior approval from the Internal Revenue Service. Attach a copy of the federal approval to your return.

AMENDED RETURNS

If you discover an error on your return after it is filed, use Form 66 to amend your return. Check the box at the top of the form and enter the reason for amending. Complete the entire form using the corrected amounts.

If you amend your federal return, an amended Idaho income tax return must be filed. The statute of limitations for receiving a refund is three years from the due date of the return or the date the return was filed, whichever is later.

If you are amending a return for tax years beginning prior to 2001, complete a new return using the corrected numbers on the form for the applicable year. Write AMENDED at the top of the form and attach an explanation of why the return is being amended.

ELECTING SMALL BUSINESS TRUSTS

If the trustee makes the election under IRC Section 1361 for the trust to be an electing small business trust (ESBT) for federal purposes, the trust will be treated as an ESBT for Idaho income tax purposes. No separate election for Idaho purposes is required.

Special rules apply when computing the tax of an ESBT. The portion of an ESBT that consists of stock of one or more S corporations is treated as a separate trust in computing the tax attributable to the S corporation stock held by the trust. This tax:

- Must be paid by the ESBT.
- Must be computed separately from the tax on the remainder of the ESBT at the maximum individual rate of 7.8%. The tax computation must be attached to the return.
- Is entered on line 21 of the Form 66.

The tax on the remainder of the ESBT is computed in the normal manner on Form 66. Do not include the S corporation items when computing this tax or distributable net income. Do not apportion to the beneficiaries any of the S corporation items.

If the ESBT consists entirely of stock in one or more S corporations, do not make any entries on lines 4 through 14 of page 1. Instead:

- Complete the heading area and lines 1 through 3b.
- Follow the instructions for line 21 for computing the tax on the S corporation items and enter the amount of tax;
- Complete the rest of the return.

ELECTRONIC FUNDS TRANSFERS

Payments of \$100,000 or more must be paid by electronic funds transfer. If you are making an electronic funds transfer for the first time, contact the Tax Commission at (208) 334-7660 for further information.

EXTENSION OF TIME TO FILE

If you cannot file your return by the due date, Idaho allows you an automatic six-month extension of time to file. To avoid paying a penalty, the amount of tax payments you have made must be at least 80% of the tax due for the current year or 100% of the total tax reported last year. Use Form 41ES to make your payments.

Even though an extension gives you more time to file, the tax is due on the original due date of the return. You must pay interest on any tax paid after the due date.

Failure to pay the required amount by the original due date will result in a 2% per month penalty from the original due date to the earlier of the date paid or the extended due date. A 5% per month penalty will also be computed on the tax due from the extended due date to the date of payment if the return is not filed. The maximum penalty is 25%.

FEDERAL AUDIT

If your federal taxable income or tax credits change because of a federal audit, you must send written notice to the Tax Commission within 60 days of the final federal determination. You must include copies of all schedules supplied by the Internal Revenue Service.

If you owe additional Idaho tax and do not send written notice within 60 days, a 5% negligence penalty will be imposed. Interest applies on any tax due.

If the final federal determination results in an Idaho refund, you must file an amended Idaho income tax return with the written notice. See Amended Returns on this page. If the statute of limitations is closed, you have one year from the date of the final determination to file for the refund.

GRANTOR TRUSTS

Trust income taxable to the grantor or another person under IRC Sections 671 through 678 is not taxed on a fiduciary return. However, the income information must be shown on a separate statement attached to Form 1041. Attach a copy of that information statement to Form 66. Also attach a supplemental statement to Form 66 showing Idaho additions and subtractions to federal taxable income.

INTEREST

Interest applies on delinquent tax from the due date of the return until the tax is paid at the rate of 6% per year (rate effective 1-1-2005 to 12-31-2005).

NET OPERATING LOSSES

An estate or trust incurs an Idaho net operating loss in a year when its Idaho taxable income is less than zero. Net operating losses incurred in activities not taxable by Idaho may not be subtracted.

For tax years beginning on or after January 1, 2000, the net operating loss generally must be carried back to the two preceding years. The carryback is limited to a maximum of \$100,000. Any remaining loss may be carried forward until used, but no longer than 20 years.

For tax years beginning prior to January 1, 2000, the net operating loss generally must be carried back to the three preceding years. Any remaining loss may be carried forward until used, but no longer than 15 years.

GENERAL INFORMATION

The fiduciary can elect to forego the Idaho carryback period and carry the loss forward. This Idaho election must be made before the due date, including extensions, of the loss year return. To make the Idaho election, attach a statement to the loss year return identifying the fiduciary's name, address, employer identification number, the amount of the net operating loss, and a statement that the fiduciary is electing to forego the Idaho carryback provision, or attach a copy of the federal election to forego the federal net operating loss carryback to the Idaho loss year return.

OTHER RETURNS THAT MAY BE REQUIRED

An Idaho individual income tax return, Form 40 or Form 43, may be required for the last tax year of a decedent or for a beneficiary of a guardianship trust or estate. Refer to the Idaho Individual Income Tax booklet for filing requirements.

If Form 1041-A or 5227 is required for federal income tax purposes, file a copy of that form with the Tax Commission. Mark the copy "Idaho Information Copy."

PAYMENTS

Make your check or money order payable to the Idaho State Tax Commission and attach it to the tax return. Payments of less than \$100,000 may be made by Visa, Discover, or MasterCard credit and debit cards. To pay by credit card, complete and attach Form CCV, Credit Card Payment Voucher; visit our Web site at tax.idaho.gov and click on the "Electronic Payments" button; or call (208) 334-7660 in the Boise area or (800) 972-7660. For payments of \$100,000 or more, see ELECTRONIC FUNDS TRANSFERS.

PENALTIES

Penalties may be imposed on the tax due as follows:

- 0.5% per month or fraction of a month to a maximum of 25% for failure to pay the tax due (if return is filed)
- 2% per month or fraction of a month for failure to meet the extension criteria (the return and taxes must be paid by the extended due date)
- 5% per month or fraction of a month to a maximum of 25% for failure to file the return timely
- 5% for negligence or disregard of rules
- 10% for substantial understatement of tax
- 50% for filing a false or fraudulent return

The minimum penalty is \$10.

PERMANENT BUILDING FUND TAX

An estate or trust required to file an Idaho income tax return must pay the \$10 permanent building fund tax if all the income has not been distributed to beneficiaries. An estate or trust is also required to pay the permanent building fund tax for each individual beneficiary who meets the Idaho filing requirement but does not report his distributable income on an Idaho individual return. A qualified funeral trust (QFT) is not required to pay the permanent building fund tax.

QUALIFIED FUNERAL TRUSTS

Special rules apply to the taxation of a QFT for trustees that elect to use these rules.

A QFT is a domestic trust that meets all of the following requirements:

- It arose as a result of a contract with a person engaged in the trade or business of providing funeral or burial services or property necessary to provide such services.
- The sole purpose of the trust is to hold, invest, and reinvest funds in the trust and to use those funds solely to pay for funeral or burial services or property to provide such services for the benefit of the beneficiaries of the trust.

- The only beneficiaries are individuals for whom such services or property are to be provided at their death under the contracts described in the first bullet.
- The aggregate contributions to the trust on behalf of any single beneficiary do not exceed the contribution limit and are made by or for the benefit of such beneficiaries.
- The trustee makes or previously had made the election to treat the trust as a QFT.
- If the election had not been made, the trust would have been treated as owned by the purchasers of the contracts under the grantor trust provisions of the IRC. However, a trust that is not treated as owned by the purchaser solely because of the death of an individual shall be treated as meeting this requirement during the 60-day period beginning on the date of the individual's death.

Composite Return

A trustee may file a single, composite return for all QFTs of which he is the trustee. You must attach a schedule to the composite Idaho Form 66 that includes the following information for each separate interest treated as a separate QFT:

- The name of the owner of the beneficiary. If you list the name of the owner and that trust has more than one beneficiary, you must separate the trust into shares held by the separate beneficiaries.
- The type and gross amount of each type of income earned by the QFT for the tax year.
- The type and amount of each deduction and credit allocable to the QFT.
- The tax and payments made for each QFT; and,
- If the QFT was terminated during the year, give the date of the termination.

Computing Tax

If a QFT has multiple beneficiaries, each beneficiary's interest is treated as a separate trust for purposes of computing the tax.

If a composite return is filed, attach a statement identifying the calculation of Idaho taxable income and the Idaho income tax for each beneficiary.

Contribution Limit

The contribution limit is determined based on the year in which an individual entered into a contract with a person engaged in the trade or business of providing funeral or burial services or property to provide these services.

For contracts entered in _____ the contribution limit amount is:

• 1998 and before	\$7,000
• 1999	\$7,100
• 2000	\$7,200
• 2001	\$7,500
• 2002	\$7,700
• 2003	\$7,800
• 2004	\$8,000

Permanent Building Fund Tax

A QFT is not required to pay the permanent building fund tax.

Residency of QFTs

A QFT is treated as a resident if at the time of the initial funding of the trust, the QFT is required to be established under the laws of Idaho, or if there is no such requirement, if a funeral home or cemetery located in Idaho is identified to provide the services or merchandise, or both, under the terms of a pre-need contract requiring the establishment of the trust.

Who Must File Form 66

If a QFT has multiple beneficiaries, each beneficiary's interest is treated as a separate trust for purposes of determining

GENERAL INFORMATION

whether an Idaho return must be filed. The filing requirements for each separate interest in the QFT are the same as for other resident or nonresident trusts. See page 1 of the General Instructions for Who Must File Form 66.

ROUNDING

Round the amounts on the return to the nearest whole dollar.

SIGNATURE

The return must be signed by the fiduciary or officer representing the fiduciary.

TAX DUE FOR NONFILING BENEFICIARIES

An individual beneficiary may elect to have the estate or trust pay the tax on his income from that estate or trust. The estate or trust will be taxed on this income at the corporate rate of 7.6%. An individual cannot make the election if he must report other income that is not subject to this election and meets the Idaho filing requirement.

If an individual who meets the Idaho filing requirement does not make the election, and does not file his Idaho individual income tax return or does not pay the tax due, the estate or trust will be taxed on the income at the corporate rate.

An individual beneficiary makes the election by not filing an Idaho Individual Income Tax Return. The estate or trust must include his share of the distributable net income in computing Idaho taxable income.

You do not need permission from the Tax Commission to make the election nor do you need to file any statement or form.

Use the 2004 form to file your tax return for calendar year 2004 or the fiscal year beginning in 2004.

Refer to the instructions, federal Form 1041. If any or all of the estate tax is attributed to income which is exempt from Idaho tax, a special Idaho adjustment must be made to add back a pro rata share of the deduction. Attach a schedule showing the computation.

LINE 8 EXEMPTION

If the estate or trust distributes all its income to the beneficiaries and is electing to report the income distribution and pay the tax for the beneficiaries, enter zero on line 8.

Individual beneficiaries who have no other income reportable to Idaho and are required to file an Idaho income tax return may elect to report the income distribution from the estate or trust on the fiduciary return. Do not include amounts distributed to a beneficiary who does not meet the Idaho individual income tax filing requirement.

LINE 14 TAX ON INCOME DISTRIBUTION

If a beneficiary elects to have the trust or estate pay the tax on his income distribution, this income is taxed at the corporate rate of 7.6%. Any credits from the estate or trust that flow through to the beneficiary may be used to offset the tax attributable to that beneficiary. Attach a schedule showing this computation.

LINE 15 PERMANENT BUILDING FUND TAX

A trust or estate that meets the Idaho filing requirement and does not distribute all its income is required to pay the \$10 permanent building fund tax. A trust or estate that reports income on line 13 is required to pay the \$10 permanent building fund tax for each individual beneficiary that elects to have the estate or trust pay the tax on his income from the estate or trust. A trust or estate is also required to pay the permanent building fund tax for each individual beneficiary who is required to file, but does not file, an Idaho individual income tax return. A nonresident individual beneficiary is required to file if his share of gross income from the estate or trust is more than \$2,500. If all the income has been distributed to beneficiaries who file Idaho income tax returns, the trust or estate does not owe this tax.

Enter zero if this is a QFT.

LINE 16 FUELS TAX DUE

If you buy gasoline, aircraft fuel, or special fuels (diesel, propane, natural gas) without paying the fuels tax and later use this fuel in licensed vehicles or aircraft, fuels tax is due. Add the amounts on lines 3 and 4, Section IV, Form 75 and enter the total. Attach Form 75.

If you computed use tax on Form 75, add it to the use tax on other purchases and enter the total on line 17.

If you have a sales or use tax account, do not report your sales or use tax on this line, but continue to report the tax on these purchases on your sales and use tax returns.

Enter the amount from line 15, Part III, Form 69R. Attach Form 69R.

LINE 21 TAX ON ELECTING SMALL BUSINESS TRUST OR QFT COMPOSITE RETURN

Electing Small Business Trusts. If the trust is an ESBT, the portion that consists of stock in one or more S corporations must be treated as a separate trust, and the tax must be computed separately on that separate trust. Compute the tax on the S corporation items making the following modifications:

- Take into account only the income, losses, deductions, and credits that could be taken into account as pass-through items to S corporation shareholders and gain or loss from the disposition of S corporation stock.
- You may not claim an income distribution deduction or an exemption amount.
- You may not claim a deduction for capital losses in excess of capital gains.
- Make the applicable adjustments on Schedules A and B and complete a separate Schedule C for the S corporation items.
- The tax is computed at 7.8%. Attach the tax computation to the return.

Enter the tax for the S corporation items on line 21.

QFTs. If the trust is filing a composite QFT return, the same information and schedules used on the federal Form 1041-QFT can be used in determining the tax for Idaho. However, the calculation of each QFT's Idaho taxable income and Idaho income tax liability will need to be made on a separate schedule and attached to the composite Idaho return.

To arrive at the QFT's Idaho taxable income, each QFT included in the Idaho composite return should start with its federal taxable income as reported in the detail information attached to the federal Form 1041-QFT composite return. Each QFT's federal taxable income is then subject to the Idaho modifications. These are listed in Schedule B, Page 2 of the Form 66. If the QFT is a nonresident, the computations listed in Schedule A, Page 2 of the Form 66 must be made using the applicable information from the Form 1041-QFT prior to making the Idaho modifications in Schedule B.

A QFT is not entitled to claim the exemption deduction in computing Idaho taxable income.

The total of the Idaho income tax due for all of the QFTs should be reported on line 21.

FORM 66

LINE 23 ESTIMATED TAX PAYMENTS

Enter the total amount of payments made and the amount applied from your 2003 return.

The gasoline tax refund is available to those who buy and use gasoline in off-highway equipment or auxiliary engines. Enter the amount from line 1, Section IV, Form 75. Attach Form 75.

LINE 28 PENALTY AND INTEREST

Penalty: If the trust or estate files a return after the due date or fails to pay the required amount by the due date, a penalty may be due. To avoid paying any penalty, the trust or estate must:

- pay by the original due date at least 80% of the tax due on the return or 100% of the total tax reported last year, and
- file the return and pay the tax due by the extended due date.

If the trust or estate pays at least 80% of the tax due on the return or 100% of the total tax reported last year by the original due date, but fails to file the return or pay the remaining tax by the extended due date, the following penalties apply:

- If the return is filed on or before the extended due date, a 0.5% per month late payment penalty will be computed on tax due from the extended due date to the date of payment, or
- If the return is filed after the extended due date, a 5% per month late filing penalty will be computed on tax due from the extended due date to the date the return is filed.

If the trust or estate does not pay at least 80% of the tax due on the return or 100% of the total tax reported last year by the original due date, the following penalties will apply:

- If the return is filed by the original due date, a 0.5% per month late payment penalty will be computed on tax due from the date the return is filed to the date of payment.
- If the return is filed on or before the extended due date and the tax is paid on or before the extended due date, a 2% per month extension penalty will be computed on tax due from the original due date to the earlier of the date the tax is paid or the date the return is filed, plus a 0.5% per month late payment penalty will be computed on tax due from the date the return is filed to the date the tax is paid, if the tax is paid after the return is filed.
- If the return is filed on or before the extended due date but the tax is paid after the extended due date, a 2% per month late filing penalty will be computed on tax due from the original due date of the return to the date the return is filed, plus a 0.5% per month late payment penalty will be computed on tax due from the date the return is filed to the date the tax is paid.
- If both the return is filed and the tax is paid after the extended due date, a 5% per month late filing penalty will be computed on tax due from the original due date of the return to the earlier of the date the return is filed or the date the tax is paid.

The minimum penalty is \$10. The maximum penalty is 25% of tax due.

Interest: Interest is charged on the amount of tax due, line 27, from the original due date until paid. The rate for 2005 is 6%.

LINE 31 REFUND

If you are filing an original return, you have the option of receiving all or a portion of the overpayment listed on line 30 as a refund, or applying all or a portion of the overpayment to your 2005 estimated tax. Enter the amount you wish to receive as a refund on this line. If you enter the total from line 30, you must enter zero on line 32.

LINE 32 ESTIMATED TAX

If you are filing an original return, you have the option of applying all or a portion of the overpayment listed on line 30 as a credit against your 2005 estimated tax. SCHEDULE A

The income of a nonresident estate or trust includable for Idaho fiduciary income tax purposes is that portion of its federal taxable income derived from Idaho sources.

LINES 2 AND 3 INCOME AND CAPITAL GAIN OR LOSS DERIVED FROM IDAHO SOURCES

Include those items includable for federal fiduciary income tax purposes attributable to, or resulting from, ownership in Idaho of any interest in real or tangible personal property (including real property or property rights from which "gross income from mining" as defined by IRC Section 631(c) is derived); or the carrying on of a trade, business, profession or occupation in Idaho.

To determine income or capital gain or loss derived from Idaho sources:

1. Income from intangible personal property, including annuities, dividends, interest, and gains from the disposition of intangible personal property, shall constitute income derived from Idaho sources only to the extent that the income is derived from property employed in a trade, business, profession or occupation carried on in Idaho.
2. Deductions with respect to capital losses, net long-term capital gains, and net operating losses shall be based solely on income, gain, loss and deduction connected with Idaho sources. However, salaries, wages, commissions and compensation for personal services rendered outside the state of Idaho shall not be deemed as derived from Idaho sources.
3. A nonresident beneficiary's distributive share of income, gain, loss and deduction derived from or connected with Idaho sources shall be determined under Idaho Code, Section 63-3026A.
4. If a trade, business, profession or occupation is carried on partly within and partly without Idaho, items of income, gain, loss and deduction derived from or connected with Idaho sources shall be determined in accordance with the provisions of Idaho Code, Sections 63-3026A and 63-3027.

5. Deductions with respect to passive activity losses derived from Idaho sources shall be allowed to the extent they are allowed as a deduction on your federal income tax return. To determine the amount of your Idaho passive activity loss deduction, compute the federal passive loss allowed for each passive activity. Your Idaho passive activity loss deduction for each passive activity carried on in Idaho will be the amount that you deducted to arrive at federal taxable income or (loss).

Enter the amount of estate or trust income derived from Idaho sources on Schedule A, line 2. Enter the amount of Idaho capital gain or loss on Schedule A, line 3.

LINE 5 PERCENT OF TOTAL FEDERAL INCOME DERIVED FROM IDAHO SOURCES

SCHEDULE C

Tax credits must be computed according to the following instructions and the instructions accompanying the appropriate forms. Credits pass through to beneficiaries in the same manner that income and expenses are distributed.

The fiduciary must prepare and distribute to each beneficiary a schedule that shows all Idaho income and deductions that must be reported on the beneficiary's Idaho income tax return. The schedule must also include the beneficiary's share of amounts that are eligible for tax credits. Each beneficiary uses this credit information to determine the amount of Idaho credit, credit recapture and credit carryover to be reported on the Idaho income tax return. Credits reported by each beneficiary are subject to the limitations applicable to that beneficiary based on his share of the credit and his tax liability. Copies of these schedules must be attached to the Idaho Fiduciary Income Tax Return for the year in which the credit is earned. Credit information reported on the schedule should include the following:

- Donations to a qualified educational entity
- Qualified investment eligible for the investment tax credit
- Donations to a qualified center for independent living, substance abuse center, or to a youth or rehabilitation facility or their foundations
- Costs of qualifying equipment eligible for the credit for

FORM 66

- production equipment using post-consumer waste
- Amount of promoter-sponsored event credit
- Amount of credit for qualifying new employees
- Amount of credit for Idaho research activities
- Amount of broadband equipment investment credit
- Amount of incentive investment tax credit
- Amount of recapture for any of the credits

If an individual beneficiary elects to have his share of the income taxed on the estate or trust return, the tax may be offset by the credit allowed to that beneficiary. Credits applied to this tax are computed based on the credit limitations applicable to estates or trusts. For example, if a trust pays the tax for three individual beneficiaries, the amount of credit for contributions to educational institutions is the lesser of the following amounts:

- 50% of the three beneficiaries' share of the amount donated,
- 20% of the tax computed for the three beneficiaries, or
- \$100

The following credits are available to be transferred to another taxpayer rather than used by the taxpayer who earns the credit:

- Broadband equipment investment credit
- Incentive investment tax credit

To claim a credit you acquired through a transfer, you must attach a copy of the Idaho Statement of Credit Transfer, Form 70, to each return on which you are claiming transferred credit.

LINE 1 PROPERTY TAX EXEMPTION

Check the "Yes" box if you elected the property tax exemption on personal property that qualifies for the investment tax credit. Attach a copy of your Form 49E.

LINE 2 CREDIT FOR TAXES PAID TO ANOTHER STATE

This credit only applies to resident or part-year resident estates or trusts.

An Idaho estate or trust must report all of its income regardless of where it was earned. If the estate or trust is also taxed by another state on income reported on the Idaho return, it is entitled to a credit against the Idaho tax.

If you have credit for taxes paid to more than one state, attach a schedule with a computation for each state. You must attach a copy of the other state's tax return to your Idaho return. Enter total on line 2g.

LINE 3 CREDIT FOR CONTRIBUTIONS TO IDAHO EDUCATIONAL ENTITIES

LINE 4 INVESTMENT TAX CREDIT

If you acquire an asset for use in your business, you may have earned an investment tax credit (ITC).

The Idaho ITC earned by an estate or trust passes through to each beneficiary in the same ratio that income is allocated to that beneficiary. When an estate or trust has a fiscal year end other than that of the beneficiaries, the ITC passes through in the same tax period that the income or loss from the estate or trust is required to be reported by the beneficiary for federal tax purposes.

If you claimed or earned the credit for qualifying new employees, report the amount computed on line 9, Part III, Form 55. Otherwise, report the allowed credit computed on line 8, Part II, Form 49. Attach Form 49.

- one-half of the amount donated,

Post-consumer waste or post-industrial waste includes only glass, paper, or plastic that have been, or would have been, disposed of as solid waste. It does not include radioactive or hazardous waste.
